

I took the official ACT at Hillsboro during the school day... How do I get that ACT score online?

If you DO NOT already have an ACT online account:

Only use these directions if you have never created an ACT online account.

1. Go to www.actstudent.org
2. Click "Register, View Scores, and More"
3. Click "Continue to Registration"
4. Click "Create Account"
5. When asked "Have you registered for the ACT before?," click "NO"
6. When asked "Have you taken the ACT before?," click "YES"
7. Enter the requested information
8. Enter your social security number or the ACT ID number found at the top of your paper ACT score report
9. A message will indicate that your scores have been found and have been connected to this new online account
10. If your scores are not found, go through the process again to be sure you have entered everything correctly, as your data must exactly match the data on your score report. If the scores are still not found, call the ACT (319-337-1313) for help.

If you DO already have an ACT online account:

Only follow these directions if you already created an online ACT account and you took the ACT on your own before taking it at Hillsboro OR if you never took the ACT before taking it at Hillsboro, but you created a new online account *after* taking the test in April.

The only way to "connect" your Hillsboro ACT score to your existing ACT account is to call the ACT office and ask them to pull or connect your scores from the Hillsboro test date into your existing account. You cannot do this yourself through any online process – you must call. If you already have an ACT account, do NOT create a new separate account for this!

1. Locate your ACT ID on your paper score report (should be in top corner)
2. Call the ACT Help Desk at 319-337-1313
3. Tell the ACT representative:
 - you recently took the ACT at your high school through a state testing program
 - you have already created an online ACT account before you received this recent score report
 - you would like them to please pull your April 19, 2016 state ACT scores into your online account
